Dear Patron:

The Greenville Choral Society is celebrating its 40<sup>th</sup> year of providing our community with quality musical entertainment. Our organization has grown to include over 200 local singers in our adult, youth and children's choirs. Last season over 1300 local citizens attended our five concerts.

Producing a quality musical program requires not only singers, but also directors, accompanists, instrumentalists, performance halls, lighting and frequently special sound equipment. We strive to raise our own funds and part of our fundraising effort includes soliciting local businesses to advertise in our program booklets.

We hope that you will consider placing an ad in the program booklets for the 2009-2010 season. ***Your ad will appear in program booklets for five concerts beginning with our Fall 2009 concert and ending with our May 2010 concert.*** A contract form is attached, which describes the sizes and prices of ads available. Camera-ready ads, or existing ads, are required and accepted via email at [admin@greenvillechoralsociety.com](mailto:admin@greenvillechoralsociety.com). The deadline for submission is October 15, 2009.

Thank you for taking time to consider supporting local community cultural activities by advertising in our program booklet. If you have questions, please send an email to the address above. We appreciate your support and we are confident that your business will benefit.

Thank you!

*Members of the Greenville Choral Society.*

---

*The mission of the Greenville Choral Society is to foster excellence in the art of choral singing and to provide music education, cultural enrichment, and entertainment for its members and the community.*
