Dear Patron:

The Greenville Choral Society is celebrating its 38th year of providing our community with quality musical entertainment. Our organization has grown to include over 200 local singers in our adult, youth and children's choirs. Last season our five concerts were attended by over 1300 local citizens.

Producing a quality musical program requires not only singers but also directors, accompanists, instrumentalists, performance halls, lighting and frequently special sound equipment. We strive to raise our own funds and part of our fundraising effort includes soliciting local businesses to advertise in our program booklets. We hope that you will consider placing an ad in the program booklets for the 2007-2008 season. ***Your ad will appear in program booklets for five concerts beginning with our October 2007 concert and ending with our May 2008 concert.*** A contract form is attached which describes the sizes and prices of ads available. Camera-ready ads or existing ads are required and accepted via email. The deadline for submission is September 25th, 2007.

Thank you for taking time to consider supporting local community cultural activities by advertising in our program booklet. If you have questions please send an email to the address above. We appreciate your support and we are confident that your business will benefit.

Thank you!

The members of the Greenville Choral Society

The mission of the Greenville Choral Society is to foster excellence in the art of choral singing and to provide music education, cultural enrichment, and entertainment for its members and the community.

J. Paul Flowers
